Wearable Art Jewels

ROQUE designs is a contemporary artisanal jewelry line from Puerto Rico preserving traditional jewelry making by designing and casting innovative pieces with a cultural and historical story, drawing out an emotional value and sentiment to create timeless conversational jewels.

Sea & Nature Inspired

The Caribbean as a backdrop has been an immense influence in ROQUE designs' jewelry making journey,

Luisa E. Roque

My passion for jewelry design and jewelry making ignited shortly after returning back home, Puerto Rico.

The enchantment of the Caribbean overtook my creative senses and I started designing and producing bespoke jewelry pieces. Always drawn to a one of kind and statement jewels inspired by Nature and the Sea.

In the midst of this journey I discovered I have an innate ability to connect with people throughout my work by offering pieces that become timeless and full of meaning.
